Subject: Proposed Rule: Legal Expense Fund Regulation (RIN 3209-AA50)
Date: Thursday, June 16, 2022 9:31:40 PM

I am in opposition to OGE's proposed legal expense fund regulation as currently drafted. I propose the following changes:

- Replace proposed recusal requirement with broader 5-year recusal that prevents donors of cash gifts from influencing policies, decisions, or regulations affecting term or industries in which they have substantial interest.
- Remove the exception making compliance optional.
- Remove the offensive example involving an accused sexual harasser.
- Place 501(c)(3) organizations on equal footing by allowing them to hire legal counsel for whistleblowers.

Respectfully,
Jeanne Sheldon
