Subject: Proposed Rule: Legal Expense Fund Regulation (RIN 3209-AA50)

I oppose OGE's proposed legal expense fund regulation as drafted.

Compliance should NOT be optional.

There should be a 5-year recusal requirement that prevents donors of cash gifts from influencing decisions, policies, or regulations affecting them.

Remove Example 2 in § 2635.1003 Definitions.Seriously, in this day and age??
